He is working with our Township attorney, Jason Trembley, to establish requirements and ordinances required by the County. The County will levy very high fines for overweight trucks. Administration Report: Paul Pioch explained the revised process that was established for proposing and finalizing the Agenda for the monthly Board meetings. Paul will issue the draft agenda several days prior to the upcoming Board meeting, soliciting feedback and suggestions from the Trustees. Then he will finalize the Agenda and issue it to the board with their Meeting minutes from the prior month. This packet will be issued on the Friday preceding a Board meeting. Paul presented a new style of agenda and how we will rotate visits from

the various agencies quarterly, so they can present a more detailed report. Trustee Satern asked whether or not we will allow an agency to visit more often than that. That is a possibility, but we will need prior notice so we can place them on the published agenda. There was a consensus by the Board that this new approach will be more effective.

Supervisor Sweeney informed the board that in the future he will be issuing the G.A. report prior to the meeting, so the Trustees can review it and ask questions if necessary. The G.A. staff will be on the same rotation as other departments, providing a detailed report every quarter or so. Trustee Satern asked several questions about the qualifications required to use the Food Pantry. Supervisor Sweeney explained that they use the established G.A. guidelines to determine eligibility.
