INDEPENDENT AUDITOR'S REPORT

To: The Board of Trustees
Elk Grove Township
Arlington Heights, Illinois

We have audited the accompanying modified cash basis financial statements of the governmental activities, business-type activities, and each major fund, of Elk Grove Township, Illinois, as of and for the year ended March 31, 2017, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities and each major fund of Elk Grove Township, Illinois, as of March 31, 2017, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Elk Grove Township (Township) was created in 1850. The Township's major operations include general government, sewer, assessor, youth services, social services, construction and maintenance of roads, and community assistance and services.

The Township's financial statements are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). The Township follows all Governmental Accounting Standards Board (GASB) pronouncements to the extent they are applicable to the modified cash basis of accounting. The more significant accounting policies used by the Township are discussed below.

Reporting Entity - The accompanying financial statements comply with the provisions of GASB Statement No. 14, The Financial Reporting Entity, in that the financial statements include all organizations, activities, and functions that comprise the Township. Component units are legally separate entities for which the Township (the primary entity) is financially accountable. Financial accountability is defined as the ability to appoint a voting majority of the organization's governing body and either (1) the Township's ability to impose its will over the organization or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the Township. Using these criteria, the Township has no component units. In addition, the Township is not included as a component unit in any other governmental reporting entity as defined by GASB pronouncements.

Basic Financial Statements - Government-Wide Statements - The Township's basic financial statements include both government-wide (reporting the Township as a whole) and fund (reporting the Township's major funds) financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Township's general government, assessor, youth division, social services division, construction and maintenance of roads, general assistance and food pantry are governmental activities. The business-type activities of the Township include the sewer division.

In the government-wide Statement of Net Assets - Modified Cash Basis, the governmental activities column (a) is presented on a consolidated basis by column, and (b) is reported on a modified cash, economic resource basis, which recognizes all long-term assets as well as long-term debt and obligations. The Township's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Township first utilizes restricted resources to finance qualifying activities.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements - Government-Wide Statements (Continued)

The government-wide Statement of Activities - Modified Cash Basis reports both the gross and net cost of each of the Township's functions. The functions are also supported by general government revenues (property taxes, state replacement taxes, unrestricted investment earnings, etc.). The Statement of Activities - Modified Cash Basis reduces gross expenses, (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (sewer, general government, assessor, youth division, social services division, construction and maintenance of roads, general assistance, and food pantry). Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Program revenues also include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (property taxes, state replacement taxes, unrestricted investment earnings, etc.).

The Township does not allocate indirect costs.

This government-wide focus is more on the sustainability of the Township as an entity and the change in the Township's net assets resulting from the current year's activities.

Basic Financial Statements - Fund Financial Statements - The financial transactions of the Township are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on major funds. GASB Statement No. 34 sets forth the minimum criteria (percentage of the assets, liabilities, revenues or expenditures of all governmental funds) for the determination of major funds. The Township electively made all governmental funds major funds.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements - Fund Financial Statements (Continued)

The following fund types are used by the Township (the Township does not use fiduciary funds):

1. Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The Township reports these major governmental funds and fund types:

- a. The General Fund is the Township's primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. The General Assistance special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes related to the general assistance activities.
- c. The Road and Bridge special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes related to the road and bridge activities.

The activities reported in these funds are reported as governmental activities in the government-wide financial statements.

2. Proprietary Fund Types

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The Township reports the following proprietary fund types:

The Sewer Enterprise Fund is used to account for the operations of the sewer division.

Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity is financed with debt that is solely secured by a pledge of the net revenues. The activities reported in these funds are reported as business-type activities in the government-wide financial statements.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting - Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

In the government-wide Statement of Net Assets - Modified Cash Basis and Statement of Activities - Modified Cash Basis and the fund financial statements, governmental activities are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

If the Township utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented on the modified cash basis of accounting.

Fees and charges and other exchange revenues are recognized when received and expenses are recognized when paid.

Cash and Cash Equivalents and Investments - Separate bank accounts are not maintained for all Township funds. Instead, the funds maintain their cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank account will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other Township funds and are, therefore, interfund loans that have not been authorized by Township Board action.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents and Investments (Continued)

No Township fund had a cash overdraft at March 31, 2017.

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at fair value. Fair value is determined by quoted market prices. Gains or losses on the sale of investments are recognized as they are incurred.

Inventories - No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of the Township's inventories is not deemed to be material.

Interfund Activity - Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Capital Assets - Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line half-year basis over the following estimated useful lives:

Land Improvements	20 Years
Buildings	15-40 Years
Equipment	5-15 Years
Vehicles	8 Years
Sewer System	50 Years
Software	3 Years

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

GASBS No. 34 requires the Township to report and depreciate new infrastructure assets. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Township. Neither their historical cost nor related depreciation has historically been reported in the financial statements.

Compensated Absences - The Township accrues accumulated unpaid vacation when earned (or estimated to be earned) by the employee. The accrual for governmental funds is reported only as a general long-term obligation in the government-wide Statement of Net Assets - Modified Cash Basis and represents a reconciling item between the fund and government-wide presentations.

Vacation benefits are granted to employees in varying amounts to specified maximums depending on tenure with the Township. Employees accrue vacation time each year; however, time accrued in the current year can only be carried over to future years with special approval. Upon termination, employees are paid both the amount of their accrued vacation for the current year and approved hours carried over from prior years.

Government-Wide Net Assets - Government-wide net assets are divided into three components:

- * Invested in capital assets, net of related debt - consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.
- * Restricted net assets - consists of net assets that are restricted by the Township's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- * Unrestricted - all other net assets are reported in this category.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Balances - Governmental fund balances are divided between nonspendable and spendable.

Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact.

The spendable fund balances are arranged in a hierarchy based on spending constraints.

- * Restricted - Restricted fund balances are restricted when constraints are placed on the use by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) law through constitutional provisions or enabling legislation.
- * Committed - Committed fund balances are amounts that can only be used for specific purposes as a result of constraints of the Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of action (e.g. legislation, resolution, ordinance). Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- * Assigned - Assigned fund balances are amounts that are constrained by the Township's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by an appointed body (e.g. a budget or finance committee) or official to whom the Board of Trustees has delegated the authority to assign, modify or rescind amounts to be used for specific purposes.

Assigned fund balances also include (a) all remaining amounts that are reported in governmental funds (other than the General Fund) that are not classified as nonspendable, restricted or committed, and (b) amounts in the General Fund that are intended to be used for a specific purpose. Specific amounts that are not restricted or committed in a special revenue fund are assigned for purposes in accordance with the nature of their fund type. Assignment within the General Fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purpose of the Township itself. All assigned fund balances are the residual amounts of the funds.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund Balances (Continued)

- * Unassigned - Unassigned fund balance is the residual classification for the General Fund. This classification represents the General Fund balance that has not been assigned to other funds, and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

The Township permits funds to be expended in the following order: Restricted, Committed, Assigned, and Unassigned.

Property Tax Calendar and Revenues - Property taxes are levied each calendar year on all taxable real property located in the Township's district on or before the last Tuesday in December. The 2016 tax levies were passed by the Board on October 24, 2016. Property taxes attach as an enforceable lien on property as of January 1 of the calendar year and are payable in two installments in March and September of the following calendar year. The Township receives significant distributions of tax receipts approximately one month after these dates.

Defining Operating Revenues and Expenses - The Township's proprietary funds distinguish between operating and non-operating revenues and expenses. Operating revenues and expenses of the Township's Sewer Fund consist of charges for services (including sewer maintenance fees) and the costs of providing those services, including depreciation. All other revenues and expenses are reported as non-operating.

Restricted Net Position/Fund Balances - The Township has restricted net position in the amount of \$1,229,274 which is reserved for General Assistance (\$846,634) and Road and Bridge (\$382,640). The restricted fund balances for the General Assistance Fund in the amount of \$846,634 and in the Road and Bridge Fund the amount of \$382,640 as of March 31, 2017.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 2 - DEPOSITS AND INVESTMENTS

The Township is allowed to invest in securities as authorized by the Illinois Compiled Statutes, Chapter 30, Act 235/Articles 2 and 6.

Deposits - As of March 31, 2017, the carrying amount of cash was \$4,391,909 and none of the Township's bank balance of \$4,161,788 was uninsured or uncollateralized.

Certificates of Deposit

Certificates of Deposit amount to \$2,595,000 at March 31, 2017. All Certificates of Deposit were either insured by the Federal Deposit Insurance Corporation (FDIC) or are held in a third party institution in the name of the Township. Certificates of deposit over FDIC insurable limits are secured by collateral to protect deposits in a single financial institution if it were to default. Collateral will have a market value equivalent to at least 100% of deposits at that particular institution.

Credit risk - is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Township helps limit its exposure to credit risk by primarily investing in certificates of deposits that have FDIC insurance and or secured by collateral. The Township's investment policy is to apply the prudent-person rule: Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the primary objective of safety as well as the secondary objective of the attainment of market rates of return.

Custodial Credit Risk - is the risk that in the event of failure of the counterparty, the Township would not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Mutual funds and money markets are not subject to custodial risk. To limit their exposure, the Township's investment policy requires all security to be held only in insured financial institutions.

Capital leases and compensated absences are paid out of the General Fund.

On November 10, 2011, the Township entered into a capital lease agreement with Wells Fargo Equipment Finance, Inc., to finance the lease/purchase of a new bus. The total principal amount of the agreement was \$78,344 at an interest rate of 3.300%. The agreement requires monthly interest and principal payments of \$1,418 over a five-year period, with the final payment made on November 10, 2016.

On May 8, 2012, the Township entered into a capital lease agreement with Sovereign Bank, to finance the lease/purchase of a new bus. The total principal amount of the agreement was \$86,034 at an interest rate of 4.496%. The agreement requires monthly interest and principal payments of \$1,219 over a sixty one month period, with the final payment made on May 8, 2017.

The Gross Amount of the Capital Leases Above is \$ 164,378

Elk Grove Township
 NOTES TO FINANCIAL STATEMENTS

NOTE 4 - LONG-TERM LIABILITY ACTIVITY (CONTINUED)

At March 31, 2017, the annual amounts needed to cover long-term debt requirements were as follows:

Year Ending March 31,	Principal	Interest	Total
2018	\$ 1,216	\$ 3	\$ 1,219

NOTE 5 - DEFICIT FUND BALANCES

There were no funds that reflected a deficit fund balance as of March 31, 2017.

NOTE 6 - INTERFUND RECEIVABLES AND PAYABLES

The composition of interfund balances as of March 31, 2017 is as follows:

Advances from/to other funds

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Road and Bridge	General	18,984
General Assistance	Road and Bridge	3,917

The amount payable to the Road and Bridge Fund from the General Fund is to cover the misclassification of a deposit in the General Fund's balance in the internal pooled cash. The amount payable to the General Assistance Fund by the Road and Bridge Fund is for property tax levies. Repayment is expected within one year.

 NOTES TO FINANCIAL STATEMENTS
 March 31, 2017

NOTE 9 - ILLINOIS MUNICIPAL RETIREMENT FUND

Plan Description - The Township's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Township's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy - As set by statute, the Township's Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual contribution rate for calendar year 2016 was 11.00%. The Township also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost and Net Pension Obligation - The Township's annual pension cost and the net pension obligation to the plan as of December 31, 2016 (the date the most current actuarial information is available) is as follows:

Annual Required Contribution	\$ 111,068
Adjustment to Annual Required Contribution	(2,424)
Interest on Net Pension Obligation	2,955
Annual Pension Cost	<u>111,599</u>
Contributions Made	<u>117,477</u>
Decrease in Pension Obligation	(5,878)
Net Pension Obligation - Beginning of Year	<u>39,399</u>
Net Pension Obligation - End of Year	<u><u>\$ 33,521</u></u>

For calendar year ending December 31, 2016, the required contribution for calendar year 2016 was \$111,068.

Three Year Trend Information for the Regular Plan

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
12/31/2016	\$ 111,068	100%	\$ 33,521
12/31/2015	\$ 98,845	100%	\$ 39,399
12/31/2014	\$ 106,722	100%	\$ 51,161

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 9 - ILLINOIS MUNICIPAL RETIREMENT FUND (CONTINUED)

The required contribution for 2016 was determined as part of the December 31, 2014 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2014 included (a) 7.5% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 3.5% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the Township's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Township's Regular plan's unfunded actuarial accrued liability at December 31, 2014 is being amortized as a level percentage of projected payroll on an open 27 year basis.

Funded Status and Funding Progress - As of December 31, 2016, the most recent actuarial valuation date, the Regular plan was 90.65% funded. The actuarial accrued liability for benefits was \$3,725,182 and the actuarial value of assets was \$3,376,705 resulting in an underfunded actuarial accrued liability (UAAL) of \$348,477. The covered payroll for calendar year 2016 (annual payroll of active employees covered by the plan) was \$1,009,708 and the ratio of the UAAL to the covered payroll was 35%.

Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) -Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
12/31/2016	\$ 3,376,705	\$ 3,725,182	\$ 348,477	90.65%	\$ 1,009,708	34.51%
12/31/2015	\$ 3,270,195	\$ 3,652,348	\$ 382,153	89.54%	\$ 896,150	42.64%
12/31/2014	\$ 3,246,709	\$ 3,697,350	\$ 450,641	87.81%	\$ 895,322	50.33%

On a market value basis, the actuarial value of assets as of December 31, 2016 is \$3,329,106. On a market basis, the funded ratio would be 89.73%.

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with Elk Grove Township. They do not include amounts for retirees. The actuarial accrued liability for retirees is 100% funded.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 10 - RISK MANAGEMENT

The Township is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees.

The Township is a member of the Illinois Counties Risk Management Trust (ICRMT), a joint risk management pool of local governmental units through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between the Township and ICRMT is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Township is contractually obligated to make all annual and supplementary contributions for ICRMT, to report claims on a timely basis, cooperate with ICRMT, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by ICRMT. Members have a contractual obligation to fund any deficit of ICRMT attributable to a membership year during which they were a member.

ICRMT is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. ICRMT also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

During the year ended March 31, 2017, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts that have exceeded insurance coverage for the last 3 years. The Township is insured under a retrospectively-rated policy for workers' compensation coverage. Whereas, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended March 31, 2017, there were no significant adjustments in premiums based on actual experience.

NOTE 11 - CONTINGENCIES

The Township is not aware of any pending litigation or potential non-disclosed liabilities that management believes would have a material adverse affect on the financial statements.

Elk Grove Township
NOTES TO FINANCIAL STATEMENTS
March 31, 2017

NOTE 12 - LEGAL DEBT LIMITATION

The Illinois Compiled Statutes limits the amount of indebtedness to 8.625% of the most recent available equalized assessed valuation (EAV) of the Township.

2015 EAV	\$ 3,103,088,837
	<u>8.625%</u>
Debt Margin	<u>267,641,412</u>
Current Debt	<u>1,216</u>
Remaining Debt Margin	<u><u>\$ 267,640,196</u></u>

NOTE 13 - SUBSEQUENT EVENTS

The Township has evaluated subsequent events through August 4, 2017, the date on which the financial statements were available to be issued.
